² Updated to reflect information relative to the 2017 Regular Stockholders' Meeting of the Company and Organizational Meeting of the Board both held on May 25, 2017 as disclosed in SEC Form 17-C filed with the SEC on the same date. Number of years as director, updated as of May 30, 2017.

³ Elected as Independent Director of the Company vice Justice Francisco H. Villaruz, Jr. (Ret.) as disclosed in SEC Form 17-C filed on March 15, 2017.

⁴ Updated to reflect the provisions of the Company's Amended/New Manual of Corporate Governance which considered the provisions of the Code of Corporate Governance for Publicly-Listed Companies, which was approved and adopted by the Board during its Organizational Meeting held on May 25, 2017, as disclosed in SEC Form 17-C filed on the same day.

The Board of Directors (the "Board") of the Company has adopted a Manual of Corporate Governance and amended the same on March 30, 2013 (the "CG Manual"). The CG Manual aims to institutionalize the principles of good corporate governance in the entire organization. The Company's Board, Management, Officers, employees and shareholders believe that corporate governance is a necessary component of what constitutes sound strategic business management and will therefore undertake every effort necessary to create awareness thereof within the organization as soon as possible. On May 8, 2014, the Board again amended the CG Manual to align the provisions thereof with the SEC Memorandum Circulars Nos. 5 and 20, Series of 2013, and SEC Memorandum Circular No. 1, Series of 2014, which affect the duties of the Compliance Officer, Corporate Secretary and Directors, as well as the requirement relating to directors' attendance in Board meetings. Thereafter, on July 17, 2014, the Board further amended the CG Manual to incorporate the revisions made by the SEC to the Revised Code of Corporate Governance embodied in SEC Memorandum Circular No. 9, Series of 2014.

Recently, on May 25, 2017, the Board again amended the CG Manual to consider the provisions of the Code of Corporate Governance for Publicly-Listed Companies, in compliance with SEC Memorandum Circular No. 19, Series of 2016.

The Company recognizes that the most cogent proof of good corporate governance is that which is visible to the eyes of its investors. Thus, among others, provisions on the following matters affecting shareholders were provided in the Section 5 (Shareholders' Benefit) of the CG Manual: voting rights, pre-emptive rights, power of inspection, right to information, right to dividends and appraisal rights.

On respecting the rights of minority shareholders, Section 5 of the CG Manual expressly provides, among others the following provisions: that the Board is committed to respect the rights of the shareholders and minority interests; that a director shall not be removed without cause if it will deny minority shareholders representation in the Board; that minority shareholders shall be granted the right to propose the holding of the meeting and the right to propose items in the agenda of the meeting; and that they shall have access to any and all information relating to matters for which the Management is accountable for.

On disclosure duties, Section 4 of the CG Manual lays down the reportorial or disclosure System of the Company's corporate governance policies which essentially provides that all material information, i.e., anything that could potentially affect share price, shall be publicly disclosed.

On Board responsibilities, the Company's CG Manual espouses the belief that compliance with the principles of good corporate governance shall start with the Board of Directors. Thus, the said manual is replete with provisions relative to the duties and responsibilities of the Board. In sum, the Board's general responsibility is as follows: It shall be the Board's responsibility to foster the long-term success of the Company and secure its sustained competitiveness in a manner consistent with its fiduciary responsibility, which it shall exercise in the best interest of the Company, its shareholders and other stakeholders. The Board is responsible for formulating the Company's vision, mission, strategic objectives, policies and procedures that shall guide its activities, including the means to effectively monitor Management's performance. The Board shall conduct itself with utmost honesty and integrity in the discharge of its duties, functions and responsibilities.

(c) How often does the Board review and approve the vision and mission?

The Board, as the need arises and upon the recommendation of Management, reviews and approves the vision and mission of the Company. The Board, during its meeting held on November 9, 2012 reviewed and approved the new vision and mission of the Company.

Provide the company's definition of "independence" and describe the company's compliance to the definition.

As provided in the Company's CG Manual, an "Independent Director" is a person who, apart from his fees and shareholdings, has no business or relationship with the Corporation, which could, or could reasonably be perceived to, materially interfere with the exercise of his independent judgment in carrying out his responsibilities as a director. An Independent Director shall submit to the Corporate Secretary a certification confirming that he possesses all the qualifications and none of the disqualifications of an Independent Director at the time of his election and/or re-election as an Independent Director.

Does the company have a term limit of five consecutive years for independent directors? If after two years, the company wishes to bring back an independent director who had served for five years, does it limit the term for no more than four additional years? Please explain.

The Company has adopted the requirements of the Code of Corporate Governance for Publicly-Listed Companies that the Board's Independent Directors shall serve for a maximum cumulative term of nine (9) years. Upon reaching this limit, an Independent Director should be perpetually barred from re-election as such in the Corporation, but may continue to qualify for nomination and election as a non-independent Director. In the instance that the Corporation needs to retain an Independent Director who has served for nine (9) years, the Board shall provide meritorious justifications and seek shareholders' approval during the regular stockholders' meeting.

2) Has the code of ethics or conduct been disseminated to all directors, senior management and employees?

Yes.

3) Discuss how the company implements and monitors compliance with the code of ethics or conduct.

The Company's adherence to its Code of Ethics or Conduct can be seen in the various policies it has adopted and implemented. The relevant policy may provide the manner of monitoring compliance therewith, as well as the penalty for violation therefor.

With respect to the employee's code of conduct, all employees are provided with a copy of the Company Rules and Regulations (the "Rules") which lay down the acts constituting an offense and for which appropriate disciplinary action should be meted out. The purpose of this disciplinary action is to correct rather than to punish the individual. Should an employee violate policies, rules and regulations of the company, disciplinary actions are imposed, as much as possible in progressively increasing weight, after the employee is given opportunity to be heard. Depending on the history, circumstances and gravity of the situation, superiors can take corrective action in the form of verbal discussion, written warning, suspension and dismissal. Only in extraordinary cases does the Company impose demotion. As to restitution of damages to or loss of company property, the same is not regarded as a disciplinary action. The Rules also provide that violation of Company policies, rules and regulations not otherwise covered therein will be subject to disciplinary action dependent on the gravity or consequence of such violation. The Rules are likewise cascaded to employees by the Human Resources Office as part of the Orientation Program for new employees.

On compliance with the CG Manual, which is to ensure adherence to corporate governance principles and best practices, the Board of Directors has appointed a Compliance Officer who is responsible for monitoring compliance with the provisions and requirements of the said manual and other relevant rules and regulations.
